 NASHVILLE TN 37212
 STORE HOURS: TUES—SAT 10AM—6PM

Juelle is Back In Nashville! July 9th—20th!

Juelle, Donovan, and The Council, as facilitators are here for one purpose: to serve planetary evolution. They

are lovingly devoted and dedicated to assisting those people who interact with them, not only to remember their natural divine self, but to integrate this aspect into every moment of living life, thus creating a new reality, preparing for sacred reunion, and living the highest possibility for their life on Earth.

Juelle is a conscious channel for 'The Council', a host of ascended masters, enclaves and inter-dimensional intelligence that collectively, lovingly and compassionately illuminate the pathways home.

While in Nashville, Juelle and The Council will be available for one-hour or longer private sessions, private intensives, and on July 14, an evening group channeling.

A private session with The Council is a unique experience. Touching and reading your soul, they guide you into the insights and direction of your own Divine spirit. With light speed understanding, they describe where you currently are in your soul's journey, how you got there, where you will probably move next in your growth and most importantly, how to do it. The information is direct and clear, powerful and healing. Each session is a sacred alignment with your purpose, helping you to make the necessary shifts in your life, in order to live your heart's desire.

Private sessions: 1-hour long, \$120, recorded on a CD.

Private Intensives: Available in 4-hour, 6-hour and 8-hour blocks.

Evening Group Channeling:

"Graceful Transitions: Navigating Through 2009"

Special Note: So many people wanted to have sessions with Juelle last year that we had them here twice in 2008! Juelle provided almost 50 hours of session work and an evening group channeling in June and returned in September for another 70 hours of sessions and another evening group.

Graceful Transitions: Navigating Through 2009

An evening group channeling with Juelle & The Council - July 14, 2009 7-9:30pm

What if this situation is not a world economic crisis but rather, it is an economic transition?! What if it is not just a loss or death of life as we have known it, but rather it is a transition or birth of something new?! Is that possible? Of course it is and in fact, this 'crisis' is signaling the emergence of a new way of life. This is a time for transitioning nearly everything in our lives. At times it can feel so stressful and so many people are in reaction, contracting into the pain and fear. As planetary transition team members, it is our job to handle it all, balance it all, identify with true reality, (the call of our souls) keep creating, redefine our lives, stay awake and allow the transition. Whew!

This evening we will strengthen and expand our spiritual foundations, deepen the awareness that we are in a giant transition (in all of its many forms) and receive guidance and very specific tools as to how to chart a course and navigate this transition. Come get inspired and juiced up. These evenings are always stimulating, packed full of practical tools for creating a limitless life and lots of fun, with an opportunity to ask questions.

We look forward to having you join us.

Contact Katherine to reserve your spot for this evening.

Summer Recipes! Beat the Heat with Essential Oils and Cucumbers

Just in time for summer!

Too much sun? Try mixing 8 drops of lavender, 2 drops of Chamomile, 5 drops of Peppermint and 2 drops of Geranium into one cup of water. Spray on your sunburn and feel the relief!

Long days of fun have you too wound up in the evening? How about relaxing in a nice bath? 4 drops of Lavender, 2 drops of Chamomile, 2 drops of Sweet

Orange into the bathwater. A perfect way to unwind before going to bed. Get ready for sweet dreams!

"Cool as a Cucumber"

A delicious way to perk up your drinking water on a hot summer day! Pour water over a nice tall glass or pitcher of ice. Wash a

cucumber, and slice a few pieces into your ice water. Let set a minute or two to chill the cucumbers, and let the flavor blend, then sit back, sip and enjoy your refreshing pick-me-up.

You'll want to make this by the pitcher though. It becomes a fast favorite and kids really enjoy the cool flavor!
